The Wisconsin DNR studied this as a potential ATV route, and determined it was too expensive to build a trail. An ATV trail could use an existing snowmobile trail in summer. Cassian Two-Way Trail would remain non-motorized.

A quarter-mile segment of rail bed was removed to revert land to wetlands. Former rail beds exist on private property. Few owners and town roads.

Open land exists on private property, but many parcels exist.

The Nicolet State Trail and Three Eagle Trail are non-motorized. The Hiawatha State Trail is non-motorized. Cassian Two-Way Trail is non-motorized. Potential off-road ATV & Bike Trail Corridors
