1	I would feel safer with an adult crossing guard or a stoplight just for the cross walk or a blinking road stoplight for that one crossing over 8th street and WW.	12/4/2023 3:51 PM
2	Out were we live people always speed or do donuts so I don't trust them for my kids to be safe walking or biking	12/1/2023 10:23 AM
3	We live exactly 1 mile from Grant school. However to get to Grant my child would need to either walk along Whitrock or South Park Drive then cross over 80th St. I will never allow her to walk/bike along Whitrock; our neighbor was killed biking along Whitrock. For it to be safe Whitrock would need sidewalks, and then a crossing guard at 80th. For her to take the South Park Drive route it would eliminate the need for a sidewalk since there isn't the traffic volume, but again then at 80th there would need to be a crossing guard (or I guess at least a traffic light that would stop traffic). The ideal would be sidewalks (not a bike lane...sidewalks!! Bike lanes still have you walking/biking right next to the traffic and there needs to be safe separation between walkers/bikers and traffic!) all along the whole length of Whitrock for the general safety of everyone. Plus, it makes neighborhoods much more walkable, and it could even connect to the route around the lake. In a year or so, my child would probably love to bike or walk up to the gas station on the corner of 80th and Whitrock, less than a mile from our home, but I will never allow that due to the traffic speed and volume on Whitrock with no sidewalks that allow for a safe route with separation from traffic. I believe all main road corridors should have sidewalks to encourage safe walking and biking to connect neighborhoods, encourage physical activity, and to allow for safe passage to schools and businesses.	12/1/2023 8:34 AM
4	We need to take Griffith to school. I wouldn't want to see the speed changed and we're too far to allow my kids to walk/bike from Grant.	11/30/2023 5:24 PM
5	I can't trust the traffic along County WW. My son would love to walk or bike, and I sometimes go with him, but with no bike lane past the school to the East it's very dangerous in the morning and afternoon times.	11/30/2023 3:35 PM
6	First, my educational history has absolutely NO importance in this survey. I also don't see how some of these answers would accurately show why I dont allow my child to bike to school. If we bike, I have to go along. The ONLY stretch of any type of sidewalk available on our route is the short section at the bridge on 80th St. The narrow roads, the traffic, the speed of the traffic, and the lack of any decent crosswalks or signs to alert of pedestrian crossings along this route are the reasons my child will never bike this route alone while attending grade school at Grant.	11/30/2023 3:26 PM
7	Discussed the distric5 is spending so much money to have this company create a plan and send out the survey	11/30/2023 2:10 PM
8	Safety of students to walk and bike would be a huge priority!	11/30/2023 12:48 PM
9	I do feel there should be more safe walking/ biking paths in the area, such as Whitrock Ave & 80th, where pediastrian traffic can be heavy. The entire community would benefit from this, not just students	11/30/2023 11:28 AM
10	If cell phones weren't an issue we would have our kids walk back and forth to school. The distraction of cell phones and selfishness of a lot of people makes parents be reserved on what their kids can and can't do. There is lack of help in today's society and not a lot of people that want to help a kid in need plus there is a lot of crazy people out there that cause reservations in decisions.	11/30/2023 10:32 AM
11	We live on 80th St. As much as I would be okay with my son biking the distance we are from school, he has to cross 80th Street twice due to how the sidewalk is set up and there is no way it will ever be safe for him while he is still young enough to attend Grant	11/30/2023 10:04 AM
12	I do feel the school doesn't encourage walking or riding the bike more. Perhaps it's due to the	11/30/2023 9:45 AM

WR SRTS Parent Survey - Grant Elementary

large number of zone exemptions but there are a lot more children getting rides from family than there are walking to or from s

13	Griffith and 80th would be the biggest deterrent from us allowing our children (one in school, one going into 4k next year) to bike to school. There are no bike paths on Griffith or 80th.	11/21/2023 11:10 AM
